Higher Education Achievement Report (Diploma Supplement)

This Higher Education Achievement Report incorporates the model developed by the European Commission, Council of Europe and UNESCO/CEPES for the Diploma Supplement.

The purpose of the Supplement is to provide sufficient recognition of qualifications (diplomas, degrees, certificates etc). It is designed to provide a description of the nature, level, context and status of the studies that were pursued and successfully completed by the individual named on the original qualifications to which this Supplement is appended. It should be free from any value judgements, equivalence statements or suggestions about recognition. Information in all eight sections should be provided. Where information is not provided, an explanation should give the reason why.

University of Exeter usually produces HEARs in a digital format. Only HEARs accessed via www.gradintel.com can be considered valid and verified. Where the Higher Education Achievement Report is printed it is in black ink on paper embedded with the University hologram and carries the official University stamp.

1. Information identifying the holder of the qualification

1.1 Family name: .

1.2 Given names: Ashwin Yadhav Kumar

1.3 Date of birth (day/month/year): 31/08/1990

1.4 Student identification number: 720083906

For the latest information on any professional status associated with this qualification, please contact the relevant discipline:
<http://www.exeter.ac.uk/departments>

6. Additional information**6.1 Additional information:****Additional recognised activities****2022/3 Academic Rep: Business School Management**

Academic Representatives volunteer an average of 2-3 hours per week. They work directly with students and University staff to develop solutions to any issues raised by students to bring out positive change. They also keep students up to date on what is happening in response to feedback given, through providing summaries of any actions they have taken. They also complete compulsory rep training around teamwork, communication and negotiation.
